BUFORA was founded in 1964 to investigate UFO Reports and to conduct scientific research into all aspects of the subject.

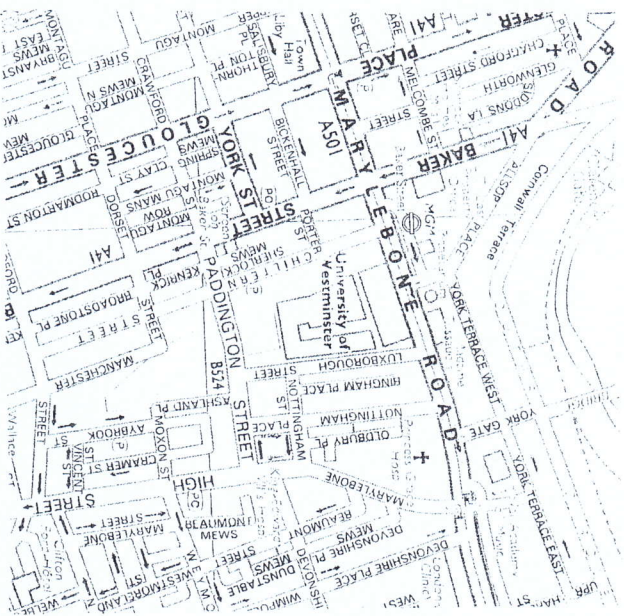

BUFORA is descended from the LONDON UFO RESEARCH ASSOCIATION (1959) and the BRITISH UFO ORGANISATION (1962). The Association publishes a bi-monthly, A4-size glossy illustrated magazine "UFO TIMES". It contains features, news, reviews and details of events, and is distributed world-wide to BUFORA members.

Membership and general enquiries to:-

BM BUFORA, LONDON, WC1N 3XX (2nd class stamp appreciated).

For details of any last minute changes in the programme, Mr Arnold West on Burgess Hill (01444) 236738 should be of assistance.

Audio recordings are made of most London Lectures, and all BUFORA Conferences are video recorded. For a printout of the BUFORA Tape Library, listing approximately 400 lectures dating back to 1966, please send a 50p coin (not stamps) self-taped to your letter to: Robin Lindsey, 87 Station Road, Whitlsey, PETERBOROUGH PE7 1UE.

THE BRITISH UNIDENTIFIED FLYING OBJECT RESEARCH ASSOCIATION

presents

The London Lecture Programme for 1997 - 1998

using the facilities of

The University of Westminster

35 Marylebone Road, London, NW1 5LS

(opposite the Planetarium and close to Baker Street Station)

These meetings are open to non-members and provide an open forum for the exchange of information and ideas. It is emphasised that the views expressed by the speakers do not represent those of the Association, which hold no corporate view on the nature of UFO's. Lectures normally last about 90 mins. They are followed by a refreshment and social break of about 30 minutes. Ample time is then available for questions and discussions. Meetings close at 21.30 hours. Some members continue informally at a local restaurant. A selection of BUFORA publications and lecture tapes, plus general UFO books and magazines, are usually available for perusal and purchase.

Whilst it is not anticipated that meetings will have to be changed or cancelled without prior notice, the Association reserves the right to do so. Additional Lecture Programmes will be gladly sent to you or your friends on receipt of a Stamped Addressed Envelope to Robin Lindsey.

Admission: £1.50 Members ~ £3.50 Non-Members

Saturday 6th September 1997 1830 hrs

This Meeting was cancelled owing to the closure of the University of Westminster on the day of the funeral of Diana, Princess of Wales.

Saturday 4th October 1997 1830 hrs
(BUFORA Research Meeting in afternoon)
UPDATE OF THE ISRAELI ENTITY CASE - Stan Conway
Earlier this year, Stan travelled to Israel to investigate the mysterious case of a reptilian-looking creature discovered outside the home of a woman in northern Israel. His lecture will include the results of the scientific analysis of part of the residue left on the ground by the creature.

Saturday 1st November 1997 1830 hrs
(BUFORA Witness Group Meeting in afternoon)
RESEARCH EVENING - Chaired by Steve Gamble
Steve is BUFORA's Director of Research, he and other speakers will update us on the current research projects that are being undertaken by BUFORA.

Saturday 6th December 1997 1830 hrs
(BUFORA Council Meeting in afternoon)
MORE GOVERNMENT UFO COVER-UPS - Richard Conway
Richard and Matthew Williams have been painstakingly checking documents at the Public Records Office for evidence of UFO activity in our skies. Many of the records seem to directly contradict Official Government Statements. Richard will be revealing more of his findings and updating us on some of the existing documents.

Saturday 3rd January 1998 1830 hrs
(BUFORA Research Meeting in afternoon)
THE FORTEAN PHENOMENA - Rev Lionel Fanthorpe.
Lionel, who last year presented Channel 4 TV's 'Fortean TV' will be entertaining us with a selection of extraordinarily bizarre events of the type that the late Charles Fort was famous for documenting.

Saturday 7th February 1998 1830 hrs
(BUFORA Research Meeting in afternoon)
THE MARS CYDONIA REGION UPDATE - David Percy.
David is associated with Richard Hoagland, who has been investigating the strange 'Face of Mars' and alleged Pyramids in the 'Martian City'. He will be enlightening us on the various theories proposed to explain these mysterious formations.

Saturday 7th March 1998 1830 hrs
(BUFORA Witness Group Meeting in afternoon)
THE UNINVITED - Nick Pope.
Nick's previous book, 'Open Skies: Closed Minds' was a great success during 1997. 'The Uninvited' is also the title of his second book based upon his extensive research in the UFO field. Although Nick is no longer at the Ministry of Defence UFO Reporting Desk, this lecture will surely prove to be one not to miss.

Saturday 4th April 1998 1830 hrs
(BUFORA Council Meeting in afternoon)
ANNUAL GENERAL MEETING. (Members; please bring along your Membership Cards). Please note that although the AGM is open to the public, only current members of BUFORA may vote upon resolutions.

Followed by a VIDEO EVENING by Miles Johnson. Miles is a Video Editor with Sky TV. He will again be showing us another astonishing collection of unique UFO video material.

Saturday 2nd May 1998 1830 hrs
(BUFORA Council Meeting in afternoon)
THE WITNESS SUPPORT GROUP - Judith Ja-afar.
Together with Mike Rutter, Judith has taken over the running of the Witness Support Group since the sudden death of Ken Phillips. Whilst observing BUFORA's Witness Confidentiality Criteria, Judith will be outlining several of the puzzling witness cases that she has been investigating.

Saturday 6th June 1998 1830 hrs
(BUFORA Council Meeting in afternoon)
ELECTROMAGNETIC INTERFERENCE CASES : FURTHER UPDATE - Albert Budden. Albert gave us a fascinating and well-attended lecture in November 1996. Albert had so much material that a further lecture is needed to cover more of the aspects of this fascinating and highly controversial subject.

CONFERENCE 1998

At the time of going to press, BUFORA is not planning to have a Conference in 1998, but will, almost certainly be holding another International UFO Conference during 1999.
